**Daniel 3**

- 1.** In verses 1-7, what does King Nebuchadnezzar have made and what does he command? Why do you think he does this, and why do the people go along with it?
- 2.** In verses 8-23, what do Shadrach, Meshach and Abednego say and do in response to the king's commands, and how does the king respond to them? Why?
- 3.** In verses 24-30, what happens to the soldiers and to Shadrach, Meshach and Abednego? How does King Nebuchadnezzar respond to their salvation?
- 4.** Have you ever been asked by someone in authority to go along with something you didn't think was right or you should do? How do you think a Christian should respond in such situations (see verses 16-18)? Why do you think God puts us in such situations and how might they turn out?
